

Public Notice

Bridge Construction County Road 612 over the Big Creek

Project delayed until mid to late July, 2023

The Crawford County Road Commission shall be replacing the existing bridge superstructure and install a 32 foot long by 32-foot-wide timber superstructure at the County Road 612 over Big Creek crossing.

The existing wingwalls, abutments and riprap will remain in place.

Construction can begin no earlier than May 1, 2023.

The project must be completely open to traffic by June 9, 2023.

The entire project must be completed by July 14, 2023.

Because of the remote location, **no detour route** will be available during the construction period. Motorist are urged to seek alternative routes.

Total estimated project cost \$413,381.00. Successful bidder is MacArthur Construction Inc.

Any questions or concerns regarding the project can be addressed to the Crawford County Road Commission's engineering department.
